OUR VISION OF SCHOOL EDUCATION

We consider school as a powerful agent in framing human beings to bring about a just society. The aim of the school is to create individuals who are intellectually competent, morally sound, psychologically whole, imbued with the sense of the Divine, committed to the cause of justice, love and peace, and ever open to further growth. The school aspires towards creating a humane society, free from prejudice, superstitions and discrimination based on sex, religion, caste and economic status, and characterized by respect for the dignity of the human person, leading to concern for each other, especially the under privileged. For the attainment of this goal, we expect parents and teachers to share this vision and to co-operate in making it a reality. Our vision of education is based on the conviction that education has a unique role to play in man's integral growth as well as in the society's development.

OUR LOGO AND MOTTO

St. John is the author of the fourth Gospel and three Epistles in the New Testament of the Holy Bible. The hallmark of his writings is the lofty ideals through which he presents God as the Light to the World (John 1.9) and his definition of God as "God is Love" (1 John 4.8). The symbol of the Gospel according to St. John is eagle because it soars upward much more than any other bird. The Gospel according to John is considered much more loftier and soaring as it is much more theological in nature than the other three Gospels. So the motto of our school as our school logo suggests is to become a source of light to the world based on Truth and Love.
